

ECON 001  
Introduction to Microeconomics  
Fall 2017 Syllabus

Instructor: Anne Duchene Office: McNeil 553

Lecture: Meyerson B1 Mon-Wed 9-9:50 / 10-10:50 / 11-11:50 (section 003/001/002)

Office hours: Tuesday 11am-12:30pm / Wednesday 1:30pm-3pm

E-mail: [econ-001@sas.upenn.edu](mailto:econ-001@sas.upenn.edu)

***Course Structure***

Two lectures (Monday and Wednesday, 50 minutes each): Introduce concepts.

One recitation (Thursday or Friday, 50 minutes): Review concepts, solve problems, get extra help from your recitation instructor (RI). Recitations are an important part of this course and are structured to help you push beyond the surface to achieve a higher order level of understanding. You should attend lectures and recitations (exam questions will assume you attended all lectures and recitations.). Attendance will be taken in recitation. All the recitation sessions for this course with their locations and instructors are listed in the course registrar's website: <http://www.upenn.edu/registrar/roster/econ.html>.

***Required Materials***

Canvas:

Login in Canvas system at [www.library.upenn.edu/courseware](http://www.library.upenn.edu/courseware). This course website is very important for your study. I will post announcements, lecture slides, recitation material, homework assignments, grades, etc. You should have one site for this course, a lecture-wide site. Recitation level groups are formed within this site to allow your TA to communicate with the recitation group separately.

PowerPoint slides will be posted on Canvas *before* the material on the slides is covered in class. During class, I will not talk at a pace that allows you time to copy all the material on these slides. I strongly suggest printing the slides out, placing them in a binder, and then taking notes from class on the printouts.

MyEconLab:

Signup to MyLab and Mastering system (**from within Canvas**), a companion website to complete the online assignments and access the online copy of the textbook (if you choose to purchase access to the e-book). You are required to

sign up using your Penn email address. Failure to do so will lead to a loss of 1 point from your overall score. More details and “how to signup” are available in a separate document posted on Canvas.

Textbook: Parkin: Microeconomics, Pearson.

You do NOT have to purchase the most recent version (12<sup>th</sup> edition) of this textbook. If you are looking for a cheaper option:

- You can buy an older edition (preferably not older than 10<sup>th</sup> edition), or
- You can opt to have an electronic copy of the book with your MyEconLab subscription, and not purchase the hard copy.

### Poll Everywhere

Starting in class 4, on September 13, I will ask 3 questions at the end of every Wednesday lecture. All questions will be asked using Poll Everywhere. I will open the poll during classes such that students can answer the question and will close the poll a little later. To answer the questions students will need to bring either a smart phone, a tablet, or a laptop.

Each student will need to create an account on Poll Everywhere and join the group Econ 001 Fall 2017 using the following link:

[www.polleverywhere.com/register?p=2ium5-1eu2&pg=cB3HApf&u=4L2QssB3](http://www.polleverywhere.com/register?p=2ium5-1eu2&pg=cB3HApf&u=4L2QssB3)

You will be asked your email address and your phone number (if you will be participating via SMS texting). You are required to sign up using your Penn email address. Failure to do so will lead to a loss of 1 point from your overall score. Your information is protected, and Poll Everywhere will never share emails or phone numbers with any third party.

### ***Course Objective***

Econ 001 provides a thorough introduction to microeconomic theory. Starting from the basic ideas of tradeoffs, opportunity cost, and the benefits of trade, we will study how the market forces of supply and demand cause prices to be what they are. We will see the sense in which market economies are efficient, and the way governments can make our economy less or more efficient. We will delve behind the supply curve to see how firms choose their production levels to maximize profits, culminating in the model of perfect competition. We will look at market failures such as imperfect competition (monopoly, oligopoly), externalities and asymmetric information.

### ***Evaluation Criteria***

Your grade will be determined on a standard 100 point scale. A range: 90% to 100%, B range: 80%-89%, C range: 70%-79%, D range: 60%-69%, F: 59% and below. If I feel

that a curve is necessary it will be determined separately for each exam and announced on canvas when exam grades are posted. Grading in the course will be based upon assignments, quizzes, two midterm exams and a cumulative final exam. A breakdown of the scoring appears in the table below.

<b>Task</b>	<b>% of Course Grade</b>
MyEconLab Assignments	12%
Canvas Assignments	8%
Poll everywhere participation	3%
Recitation participation	2%
Worst of your two Midterm scores	20%
Best of your two Midterm scores	25%
Final Exam (cumulative)	30%
Total	100%

### ***Homework Assignments (MyEconLab and Canvas)***

Each week you will have to complete two types of homework assignments: through MyEconLab and through Canvas. All MyEconLab assignments are due on Fridays at 6PM, while all Canvas assignments are due on Sundays at 6PM (see schedule on the last page of this syllabus). The level of difficulty is not the same: MyEconLab assignments are a direct application of the concepts covered in lectures, while Canvas assignments are closer to recitation material, the two latter being the best match to exam questions. Therefore it is recommended that each week you complete the Canvas assignment after having completed the MyEconLab assignment, as it requires a deeper understanding of the material.

#### MyEconLab Homework:

There will be a total of 11 MyEconLab assignments, each worth 15 points. To get the full 100% credit, you must accrue at least **120 points** (out of 165 cumulative points available). If you accrue less than 120 points, your grade will be pro-rated. For example, 60 points earn you 50%. If you get more than 120 points, good for you! Nonetheless, the maximum credit is 120 points.

No late assignments will be accepted. The MyEconLab system will have strict deadlines embedded and if you miss it there is nothing that can be done. Even technical problems with your computer or with Internet connection are not acceptable excuses. You have several days to submit each homework assignment and quiz; do not leave the submission to the last hour of the last day that it is due.

MyEconLab keeps track of how you answer homework questions and, through its Study Plan feature, recommends additional questions to help you brush-up on topics where you need to do more work. You are strongly encouraged to strengthen your grasp of the course material by working with MyEconLab's

sample test and study plan features. Homework assignments, sample tests and study plan questions closely match chapters in the textbook.

### Canvas Homework:

There will be a total of 11 assignments on Canvas, graded on completion. To allow flexibility we allow **three freebies**. You will have to upload your answers directly on Canvas. Your recitation instructor will view your answers on Canvas, grade them for **completion** and give you a short feedback on your performance. Late or incomplete homework assignments will receive a grade of **zero**.

Please be diligent in completing your assignments in a timely manner. If you get stuck on any part of the assignment you are welcome to stop by office hours *or* to ask your TA to go over a particular part or question in recitation. We do not expect 100% success on these assignments, but rather 100% effort.

Feel free to study with other students and to discuss the assignments with your classmates and in fact you are encouraged to do so. However, the work you turn in should be your own. This is because working out problems is an essential component to learning economics. Your performance on the exams is likely to be correlated with your performance on assignments. Directly copying someone else's problem set will be considered cheating.

### ***Poll Everywhere***

At the end of 10 Wednesday sessions, there will be 3 Poll Everywhere questions. You get one "participation" point for answering each question, and one bonus point for giving the right answer. All 30 participation points count for 3% of your overall grade. These are easy points and extra practice for the exam. All 30 bonus points can add up to 3%. Poll questions are to be answered in class only. If you are found to be responding from any other location, it will be considered a violation of academic integrity.

### ***Recitation Participation***

Recitation attendance is mandatory, but to allow flexibility you can have up to 3 absences. Class participation implies more than mere presence in recitation. We are expecting an active, meaningful, thoughtful, and relevant contribution to class discussions and other activities.

### ***Exams***

There will be three (3) exams. The final exam will be comprehensive. Exam dates can be found in the course calendar at the end of this syllabus.

Midterms: 1h each, not cumulative. No books, notes, calculators, formula sheets. If academic conflict: email your TA by email at least one week prior to the exam date. If

health/family emergency: contact your TA. There is only one make-up exam offered for each midterm and only students who have a valid reason to miss a midterm are qualified to take the make-up.

Final exam: 2h, cumulative. No books, no notes, no calculators, no formula sheets. The makeup will be in January. There is absolutely no option of taking the final exam on any other date in the Fall. Purchasing an early plane ticket is not a valid excuse to not take the final.

Exams will be held on the following dates:

- Midterm 1      October 3 6:00-7:00PM (make-up date: October 4)
- Midterm 2      November 7 6:00-7:00PM (make-up date: November 8)
- Final Exam     December 18 3:00-5:00PM (make-up date: January)

### ***Important dates***

MyEconLab grace period expires 14 days from the first day the student signs up

October 9: drop period ends;

November 10, last day to withdraw from a course without a W.

### ***Course Expectations***

The rule of thumb in college is that you study for at least 2 hours outside of class for each hour you spend in class. This means you should spend a minimum of 6 hours per week studying for ECON 1. Please know that it is highly unlikely that studying “a lot” the week before the exam will make up for not studying enough in the weeks preceding the exam! You may have been able to get away with this in the past. However, most ECON 1 students realize that this just doesn’t work in economics or with the way in which I teach and test.

### ***How to study***

Read about each topic in the text before the topic is presented in class. If you have already seen the material, the lectures will be easier to follow.

Come to class. If you miss a lecture, watch the recording on Canvas to catch up.

Take smart notes. The lecture outlines are on Canvas. Print those off and bring them to the lecture to follow. You can bring your laptop to class, but this course is very graph intensive, and you simply cannot graph fast enough with a computer. So bringing a pen and paper and printed slides might be much more efficient.

After class, re-read the text. Sometimes the text will explain a concept in more details than I did in class.

Do the MyEconLab homework assignment before the Canvas homework. If you get stuck on any part of the assignment you are welcome to stop by office hours in advance of your recitation or to ask your TA to go over a particular part or question in recitation. I will add office hours before exams.

Form a small study group and make it a habit to meet at the same time each week.

Practice! Do the textbook questions, re-do the homework and recitation questions, use the study plan feature on MyEconLab, do the practice exams, etc.

You will only be tested on the material covered in class. For example, I will not ask you a test question that expects you to remember a topic or application from the text not covered in class. Instead, the text should be used to help you understand the lectures.

If you find yourself falling behind, please see me. I'm here to help and I want you to succeed! My posted office hours are when you are guaranteed to find me in my office. If you have a conflict, you may arrange a meeting time outside office hours.

### ***Whom to contact***

- Any question regarding homework grades, homework assignments, or the subject matter of the course should be first sent to your recitation TA. If you do not get a satisfactory or timely response, please email the email the ECON 1 team: [econ-001@sas.upenn.edu](mailto:econ-001@sas.upenn.edu). You will get a response within one business day. Please note if the question is particularly complex, you might be redirected to office hours, a recitation session or a help session.
- To join a section or change sections: you should email Lynn Costello, the Undergraduate Coordinator in the Economics department. [costello@econ.upenn.edu](mailto:costello@econ.upenn.edu). Her office is McNeil 160. Lynn is also very knowledgeable about major requirements and stuff like that.
- Special needs/arrangements: Reasonable accommodation will be made for those with special needs. Anyone eligible for special arrangements on examinations must make sure I get notification from the Student Disability Services (SDS). If I have not been contacted by SDS before an exam, I will not be able to accommodate the student's needs.
- For Canvas: Go to <http://www.library.upenn.edu/courseware/> and click "Support for Students"
- Personal questions (NOT related to the course logistics or material) should be emailed to me directly at [duchene@sas.upenn.edu](mailto:duchene@sas.upenn.edu). From Monday-Thursday, you should expect a response to your email within 24 hours. From Friday-Sunday and on holidays you should expect a response within 48 hours.

## ***Policies***

This syllabus is a contract. Deviation from these policies is not allowed.

Please refer to the following website for Economics department policies:

<https://economics.sas.upenn.edu/undergraduate-program/course-information/guidelines/policies>

### Attendance

In class: Show up on time. No distractions on your laptop for students sitting behind. Generally, be attentive during lectures. There are many students in the lecture but I love it when students ask questions, so please feel free to do so. I will try to answer them as much as possible.

Homework: No late submission, no make-up, no extra credit.

Exams: Make-up for midterm and final exams only with valid excuses, as defined by the University.

- Examples of valid excuses are:
  - (\*For final exam only\*): Three final exams scheduled within one calendar day. This policy of 3 exams does not count for midterm exams.
  - An exam is given outside of the regular class schedule and the timing conflicts with another class in which the student is enrolled.
  - Observance of a university-recognized religious holiday.
  - UPenn business that takes you away from campus (for example: athletic events in which you are actively participating).
  - An illness/health emergency.
  - A death in your family.
- Examples that are **not** valid for missing an exam are:
  - job internships;
  - beginning the fall break early or returning after a scheduled exam;
  - end of semester early flights;

All absences are notified through the CAR (Course Absence Report) system. The University keeps a long-term track of whether you have a tendency to get sick during exam times.

### Regrading requests

- Regrading requests should first be brought to the attention of your TA.
- No regarding is possible for exams written in pencil, only with pens.
- Regrading is possible only when your grade is inconsistent with our published grading policy
  - Valid request: “question X on my quiz got 2 points less than what the grading policy suggests”
  - Invalid requests: “I’d like my entire midterm to be regarded”, or “I believe your team allocated too few points to this question on the exam”

- Requests must be typed and made within 1 week after the quiz or exam is returned. We do not regrade the midterms or the quizzes right before / after you take the final.
- We will regrade your entire exam, so your grade might go up or down
- The University allows us to keep copies of exams for our records, to assure academic integrity. Any sign of academic dishonesty will be pursued.

### Extra credit

There is no extra credit in this course. The reason is that if everyone knows about it, it's not really extra credit. It's just another assignment. If some people don't know about it (for instance, if a specific student asks for extra credit at the end of the semester), then I'm treating my students differently, which I make every attempt to avoid.

### Integrity

Penn has a clear Code of Academic Integrity. It's your responsibility to familiarize yourself with the code, and to follow it to the letter:

[www.upenn.edu/academicintegrity/ai\\_codeofacademicintegrity.html](http://www.upenn.edu/academicintegrity/ai_codeofacademicintegrity.html)

In particular, you are expected to

- maintain a professional, respectful environment
- be courteous to me and your TAs
- not disrupt class (be quiet if entering class late, turn off electronic devices, do not chat).
- Never present work that is not your own

*Weekly class schedule*

	<b>Date</b>	<b>Topic</b>	<b>Text Chapter</b>	<b>Comments</b>
1	8/30	Introduction and Opportunity Cost	Ch. 1	Register Poll Everywhere
2	9/06	Scarcity and Choice	Ch. 2	Register MyEconLab
3	9/11	Gains from Trade	Ch. 2	
4	9/13	Supply & Demand	Ch. 3	
5	9/18	Elasticity	Ch. 4	
6	9/20	Efficiency and Equity	Ch.5	
7	9/25	Applications of S&D: price controls, taxes, subsidies	Ch.6	
8	9/27	Externalities	Ch.17	
9	10/02	Review for MT1		
	10/03	<b>MT1 on Tuesday October 3, 6-7PM</b>		
	10/04	<i>No class on Wednesday October 4</i>		<b>Make up for MT1 6PM</b>
